### School Games Mission and Vision

To put physical activity and competitive sport at the heart of schools and provide more young people with the opportunity to compete and achieve their personal best.

The School Games will continue to make a clear and meaningful difference to the lives of even more children and young people.

- 2024 will see the Olympic Games taking place in Paris. In 2021 the International Olympic Committee approved a change in the Olympic motto that recognises the unifying power of sport and the importance of solidarity. "Faster, Higher, Stronger – Together".
- Participants are encouraged to follow the School Games (Spirit of the Games) values: determination, honesty, passion, respect, self-belief, teamwork and eco-friendly.
