## Gathering data for schools

Designed by Seamless Software, Koboca is a product that allows schools to gather invaluable data and evidence on pretty much anything!

[Try example surveys for free](#)

### Creating surveys or self marking tests has never been easier...

Essentially a four fold product, Koboca:

1. Is a cross-referenced **online physical activity** survey that enables the identification of ALL pupils exercise levels.
2. Includes a pre-loaded age specific **nutrition test**, verified by Leeds Beckett University's Nutrition and Childhood Obesity Research Team, to assess and improve pupils knowledge of healthy eating.
3. Supplies a **downloadable pre-populated PE and Sport Premium funding impact document** to aid the explanation and justification of schools usage of the recently increased government funding (this can be published to adhere to recent statutory government requirements).

### Pre-loaded software comprised of two main elements...

**Physical Activity Questionnaire**  
There are up to thirteen questions to establish pupils level of physically activity, which activities they would like to try and which sports they participate in both inside and outside of school. It identifies the most popular times for clubs, provides data on sports leadership and volunteering, and highlights which community clubs pupils attend.

**Nutrition Test**  
The nutrition questions were developed by the Nutrition and Childhood Obesity Research Team at Leeds Beckett

You need to fill in the registration form and select:

Sports Partnership drop down box  
Mandeville & Buckingham SSPs

This is important as this links your school to our partnership and will allow you to take part in our surveys and events.

## Registration

Seamless Software recommend schools use a secure school email address as the email address entered on the registration form will receive the admin login codes.

Please ensure you fill in this document correctly. Minutes from this form contribute to pupils' active minutes in the physical activity survey. These cannot be changed after a pupil has completed the survey.

### School / Sports Partnership Details

\* required fields

Organisation name *	Organisation email address *	Organisation type *
<input type="text"/>	<input type="text"/>	Primary school
Address line 1 *	Address line 2 *	Address line 3
<input type="text"/>	<input type="text"/>	<input type="text"/>
City *	Region *	Postcode *
<input type="text"/>	Bucks Milton Keynes	<input type="text"/>
Country *	Sports partnership	
England	Mandeville & Buckingham SSPs	
Contact forename *	Contact surname *	
<input type="text"/>	<input type="text"/>

## Home

Thank you for using Koboca for virtual competitions and surveys. You are currently logged in as an admin user for your Partnership. As you can see from the tabs above you have 5 options:

### My Partnership

This tab is where you will find all your sports partnership information. It is important this is completed and kept up to date to make sure your reports are accurate.

[Go to My Partnership](#)

### My Surveys

This tab gives you access to your surveys. You can build custom surveys for pupils, parents, teachers, governors or the community or use a survey from our library. These can be sent directly to individual schools or the whole sports partnership. You will receive headline data with no names.

[Go to My Surveys](#)

### My Competitions

This tab gives you access to your competitions. You can build your own competitions or use a competition from our library. You can download a CSV document and logins for schools to submit results from this page.

[Go to My Competitions](#)

### Survey Report

This tab gives you access to all your survey reports.

Click on View Reports next to any survey and then click on a report. The data is displayed in graph or table form, click on a graph to see which schools contribute most to the result. You can also filter via year group and gender.

[Go to My Survey Reports](#)

### My Competition Results

This tab gives you access to all your competition results.

Click on either Sports Partnership League Table, County League Table or National League Table to view results. You can filter these league tables by gender, or download a CSV to see a copy of all results from schools.
